We stop at viewpoint “San Fah” you wonder about how beautiful landscape in this area, standing on mountain slope and see below in valley. The morning mists is slowly rising up, and take a breath fresh mountains air.

Here we start our walking on foot climb up steep slope about 1 hour to the ridge and hiking on highland evergreen forest, the mountainous fresh air and trees in the area pass through.

And then walking along mountain ridge and slope take about 3 - 4 hours, you will see spectacular different view of mountains landscape. On the way, we take a break and jungle cooking for lunch.

Afternoon, We will climb up hills again and continue walking down 3 – 4 hours passing through watershed forests and see several different types of forests, hill evergreen, Pine, Palms and bamboo forests.

Late afternoon, we got out of jungle arrive to terrace rice field in lowland valley. Finish the trek and a car take you back to Mae Hong Son.
